

Portable Heaters

- Units come with an auxiliary power outlet for user-friendly convenience
- These easy-to-assemble units are CSA-certified and multi-fuel use with no adjustments (kerosene, diesel and fuel oil)

Forced Air Heater

Item No.	Description
KM75TDGD	75,000 BTU/h, heats up to 1,750 square feet. 5-gallon fuel tank allows approx. 9 hours of use. Model does not come with tires.

Item No. KM75TDGD

Item No. KM170TDGD

Forced Air Heaters Featuring Dual Heat Technology

Item No.	Description
KM125TDGD	125,000 BTU/h, heats up to 3,000 square feet. 10-gallon fuel tank allows for approx. 11-13 hours of use. 10" flat-free tires for easy maneuvering and dependability.
KM170TDGD	170,000 BTU/h, heats up to 4,000 square feet. 13-gallon fuel tank allows for approx. 10-13 hours of use. 10" flat-free tires for easy maneuvering and dependability.

Forced Air Heaters Featuring Dual Heat Technology & *Enhanced Control Panel

Item No.	Description
KM210TDGD	210,000 BTU/h, heats up to 5,000 square feet. 13-gallon fuel tank allows for approx. 8-10 hours of use. 10" flat-free tires for easy maneuvering and dependability.
KM400TDGD	400,000 BTU/h, heats up to 8,500 square feet. 29-gallon fuel tank allows for approx. 10 hours of use. 13" pneumatic wheels for easy maneuvering and dependability.

* Enhanced control panel comes with large display area and allows precise temperature control with four diagnostic light indicators for optimum performance

Item No. KM400TDGD
